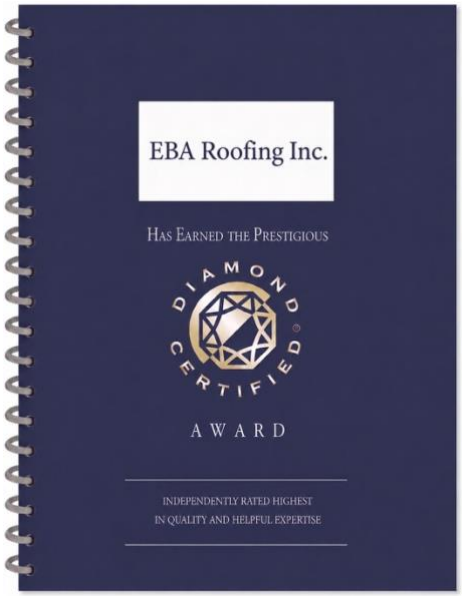
NEW EBA Roofing Inc. Earns Diamond Certified®

Based on a large survey of only verified customers, only companies rated Highest in Quality and Helpful Expertise® earn the prestigious Diamond Certified award.

Petaluma, CA, August 26, 2026 – Diamond Certified Resource announces that EBA Roofing Inc., a Valley Village-based roofing contractor serving Los Angeles, Ventura and Orange Counties, has earned the prestigious Diamond Certified award by scoring Highest in Quality and Helpful Expertise.



The Diamond Certified Research Team's methodology ensures only a large, random sample of verified customers are surveyed, which produces the most accurate ratings of local companies available. The team conducts a 12-step rating and certification process that identifies companies delivering high quality and Helpful Expertise to their customers. The process includes collection of a large, random sample of customers; confidential telephone and email surveys of real customers; and verifications of state licenses, insurance, and business practices.

The research team produces a final Diamond Certified Research and Ratings Report. Only companies scoring 90 or above on a 100 scale are rated Highest in Quality and Helpful Expertise and earn Diamond Certified. Qualified companies agree to follow the Diamond Certified Customer Satisfaction Principles and participate in mediation if needed, and they're backed by the Diamond Certified Performance Guarantee. Ongoing surveys and monitoring help ensure continued high customer satisfaction by Diamond Certified companies.

"Earning Diamond Certified is a significant achievement because most companies can't qualify," says Greg Louie, founder and CEO of American Ratings Corporation, creator of Diamond Certified Resource. "EBA Roofing Inc. has demonstrated the quality, Helpful Expertise and customer commitment required to earn the prestigious Diamond Certified."

Every Diamond Certified Research and Ratings Report includes detailed statistical results (such as average satisfaction scores and response distributions), verbatim customer survey responses and visual charts that clearly present the findings. “Our Report shows each customer’s rating on a 1 - 10 scale of the company’s quality, whether they would hire the company again, if the company provided Helpful Expertise and verbatim answers to open-ended survey questions, which adds context to our research-grade report,” says David Pak, Director of Ratings at American Ratings Corporation.

Here are the top survey responses from EBA Roofing Inc.’s verified real customers:

“They’re very helpful and knowledgeable. They have high-quality products, good prices and excellent service.”—Patty N.

“They’re ethical and hardworking, and they show up on time. They’re everything you want in a company.”—Cristina P.

“[They do] reliable work and [provide] quick responses on the phone.”—Max B.

EBA Roofing Inc., a newly Diamond Certified company, provides a wide range of roofing services for residential and commercial clients in Los Angeles, Ventura, and Orange Counties. In addition to installing and repairing all types of roofing systems (with special expertise in high-pitched roofs), the company is qualified to apply commercial roof coatings that are designed to seal leaks and reflect heat.

A Star Equivalent Score is calculated for each verified customer rating to produce an average star score for EBA Roofing Inc. of 4.7 from 13 verified customer survey responses.

About American Ratings Corporation
American Ratings Corporation (ARC), the creator of Diamond Certified Resource, the source for consumers who love quality local companies, rates local companies by surveying only their verified real customers to produce the country’s most accurate ratings of local companies. It also creates deeply researched company reports and consumer guides that give consumers the best companies plus the best advice for choosing a local Auto, Home, Health or Personal service type of company.

Only companies rated Highest in Quality and Helpful Expertise® earn Diamond Certified and are backed by their Performance Guarantee. All their deeply researched reports and guides are available for free at diamondcertified.org. They also produce an annual, full-color, printed Diamond Certified Directory with 840,000 copies published in 9 geographic zones in the Greater San Francisco Bay Area. Each April, these are mailed for free to their 182,000 Diamond Certified Preferred Members and selected homeowners and companies.
