NEW California Power and Light Diamond Certified Company Report SUMMARY UPDATE

Celebrates 30th anniversary, starts Power Perks Referral Program, new projects completed, new survey responses posted

Petaluma, CA, September 4, 2026 – Diamond Certified Resource has published a new Company Report Summary Update on [California Power and Light](https://www.diamondcertified.org/california-power-and-light). This newly researched report for quality-seeking Bay Area consumers adds to California Power and Light's deep info company report on [diamondcertified.org](https://www.diamondcertified.org), which includes in-depth ratings, researched articles, verified real customer ratings, verbatim survey responses, videos, photos, a capabilities table and more.

California Power and Light has earned Diamond Certified for 15 consecutive years, with 119 verified customers surveyed and a customer loyalty rate of 97%. The company provides electrical installation, maintenance, and repair services for commercial, industrial, and residential clients in Santa Clara County.

Here are some highlights from the new Update:

- Celebrated its 30th anniversary
- Started its Power Perks Referral Program, which rewards clients who refer friends and family with \$50 off of their next service
- Completed an emergency electrical repair project for a homeowner in San Jose

"California Power and Light has earned Diamond Certified for over a decade, and we're proud to add even more deep research about them in this new Summary Update," says Greg Louie, founder and CEO of American Ratings Corporation, creator of Diamond Certified Resource. "When you read their survey responses and see photos of their jobs, they really stand out as an exceptional electrical contractor."

Only companies that score Highest in Quality and Helpful Expertise earn Diamond Certified. What really separates Diamond Certified ratings from the star score averages at review sites is that a large, random sample of each company's customers are surveyed by phone to get the most accurate ratings and verify only *real* customers are responding. By surveying from a company's entire customer base, each company's research results truly represent its customer satisfaction level. Most companies can't pass the rating.

About California Power and Light

[California Power and Light](#) is a full-service electrical contracting firm that serves residential, commercial and industrial clients throughout Santa Clara County. The family-owned and operated company handles electrical projects of every size, from smaller jobs like fixture replacements, telephone wiring and general troubleshooting to

larger jobs like lighting retrofits, exterior and interior landscape lighting installations, and tenant improvements.

Henry Acosta is owner of California Power and Light, a Diamond Certified electrical contractor. He can be contacted at californiapowerandlight@yahoo.com or (408) 624-8712.

About American Ratings Corporation

American Ratings Corporation (ARC), the creator of [Diamond Certified Resource](#), the source for consumers who love quality local companies, rates local companies by surveying only their verified real customers to produce the country's most accurate ratings of local companies. It also creates deeply researched company reports and consumer guides that give consumers the best companies plus the best advice for choosing a local Auto, Home, Health or Personal service type of company.

Only companies rated Highest in Quality and Helpful Expertise® earn Diamond Certified and are backed by their Performance Guarantee. All their deeply researched reports and guides are available for free at diamondcertified.org. They also produce an annual, full-color, printed Diamond Certified Directory with 840,000 copies published in 9 geographic zones in the Greater San Francisco Bay Area. Each April, these are mailed for free to their 182,000 Diamond Certified Preferred Members and selected homeowners and companies.

Greg Louie is CEO of ARC. He can be contacted at greglouie@diamondcertified.org or (925) 548-3175.
