[Company Profile](#)

[Company Story](#)

“Century Roof and Solar has earned Diamond Certified for over two decades, and we’re proud to add even more deep research about them in this new Summary Update,” says Greg Louie, founder and CEO of American Ratings Corporation, creator of Diamond Certified Resource. “When you read their survey responses and see photos of their jobs, they really stand out as a terrific roofing contractor.”

Only companies that score Highest in Quality and Helpful Expertise earn Diamond Certified. What really separates Diamond Certified ratings from the star score averages at review sites is that a large, random sample of each company's customers are surveyed by phone to get the most accurate ratings and verify only *real* customers are responding. By surveying from a company's entire customer base, each company's research results truly represent its customer satisfaction level. Most companies can't pass the rating.

#### **About Century Roof and Solar**

[Century Roof and Solar](#) specializes in installing roofs with a systems approach, paying special attention to ensure all components of a roof and solar system are designed to work together. As an installer of photovoltaic (PV) solar roof systems, the Hayward-based company's goal is to permanently reduce or eliminate clients' electric bills.
