“Chasov Electrical, Voice & Data has earned Diamond Certified for nearly two decades, and we’re proud to add even more deep research about them in this new Summary Update,” says Greg Louie, founder and CEO of American Ratings Corporation, creator of Diamond Certified Resource. “When you read their survey responses and see photos of their jobs, they really stand out as an excellent electrical contractor.”

Only companies that score Highest in Quality and Helpful Expertise earn Diamond Certified. What really separates Diamond Certified ratings from the star score averages at review sites is that a large, random sample of each company's customers are surveyed by phone to get the most accurate ratings and verify only *real* customers are responding. By surveying from a company's entire customer base, each company's research results truly represent its customer satisfaction level. Most companies can't pass the rating.

About Chasov Electrical, Voice & Data

[Chasov Electrical, Voice & Data](#) provides a wide range of electrical services for clients in San Francisco and the Greater Bay Area. The company's work extends from small residential remodeling projects to complete house rewiring and commercial space improvements. The wiring methods it uses assure seamless integration of smart home devices, which, along with adding ethernet wiring, allows it to future-proof its clients' houses. Chasov Electrical, Voice & Data also performs electrical service upgrades that allow for the simple addition of generators and/or solar batteries, car chargers, and full house conversion to electric power.
