[Company Profile](#)

[Company Story](#)

“Valley Comfort Heating and Air has earned Diamond Certified for over a decade, and we’re proud to add even more deep research about them in this new Summary Update,” says Greg Louie, founder and CEO of American Ratings Corporation, creator of Diamond Certified

Resource. “When you read their survey responses and see photos of their jobs, they really stand out as an exceptional HVAC contractor.”

Only companies that score Highest in Quality and Helpful Expertise earn Diamond Certified. What really separates Diamond Certified ratings from the star score averages at review sites is that a large, random sample of each company’s customers are surveyed by phone to get the most accurate ratings and verify only *real* customers are responding. By surveying from a company’s entire customer base, each company’s research results truly represent its customer satisfaction level. Most companies can’t pass the rating.

About Valley Comfort Heating and Air

[Valley Comfort Heating and Air](#) provides and installs HVAC systems, repairs heaters and air conditioners, and cleans and designs ductwork for residential and commercial clients throughout Sonoma County. The family-owned and operated company is a dealer for industry leader Carrier, but it's qualified to work on all types of HVAC equipment.
